The properties are located at 123, 238, 241-Z, 323, and 415 Alexander Lee Parkway; 1306-Z Penniman Road; 101, 134, and 144 Stafford Court; and 100, 111, and 149 Warwick Court. The applicant is requesting to remove all conditions of approval set forth in Ordinance No. O90-1(R), adopted by the Board of Supervisors on January 18, 1990. These proffers relate to development on slopes; commercial entrances; landscaped open space, and limitations on permitted uses. The subject properties are zoned a combination of EO (Economic Opportunity), conditional EO, and R13 (High density single-family residential) and are designated Economic Opportunity and High Density Residential in the Comprehensive Plan. No change to the previously approved use of the property as a business and industrial park is proposed, and there is no density range associated with this use. The Economic Opportunity designation is intended to provide opportunities for a mix of office, light industrial, commercial, and tourist-related uses, while the High Density Residential designation is intended to provide opportunities for single-family housing having a maximum density of 3.0 dwelling units per acre.

Application No. ZM-187-20, Brian D. Jaynes: Request to amend the York County Zoning Map by reclassifying two approximately 0.7-acre parcels of land located at 2429 and 2431 Pocahontas

Trail (Route 60), further identified as Assessor's Parcel Nos. 15-23 and 15-24, from RR (Rural Residential) to GB (General Business). The GB district is intended to provide opportunities for a broad range of commercial activities; the applicant has not indicated a specific use for the property. The property is designated General Business in the Comprehensive Plan. The General Business designation is intended to provide opportunities for retail and other commercial uses oriented primarily toward supplying goods or services for a community or regional market.
